

CUNY ILL Survey

July 12 2017

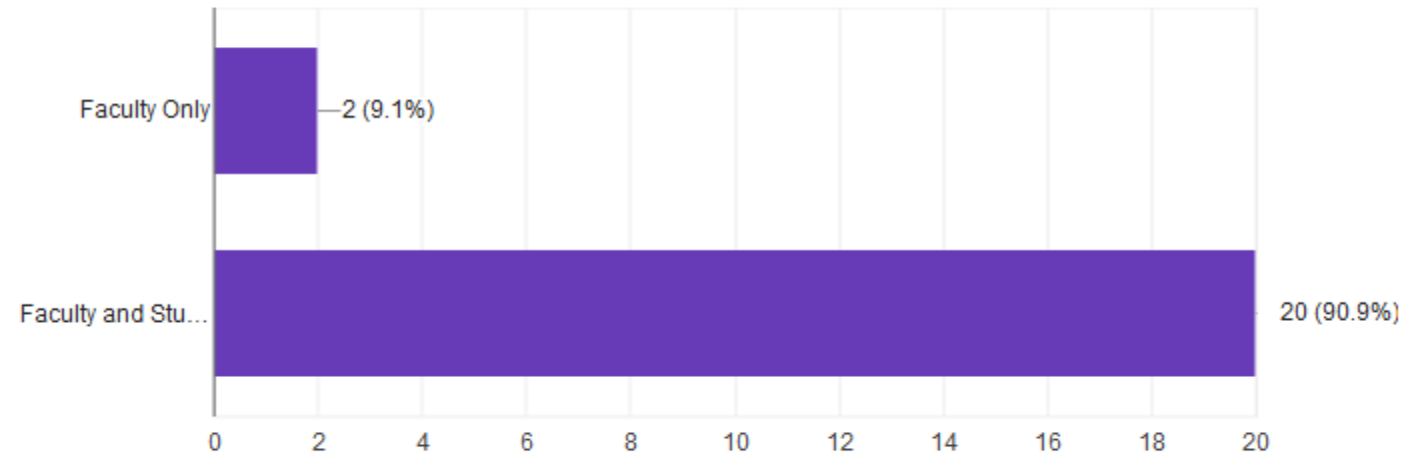

Does your library offer ILL services?

22 responses

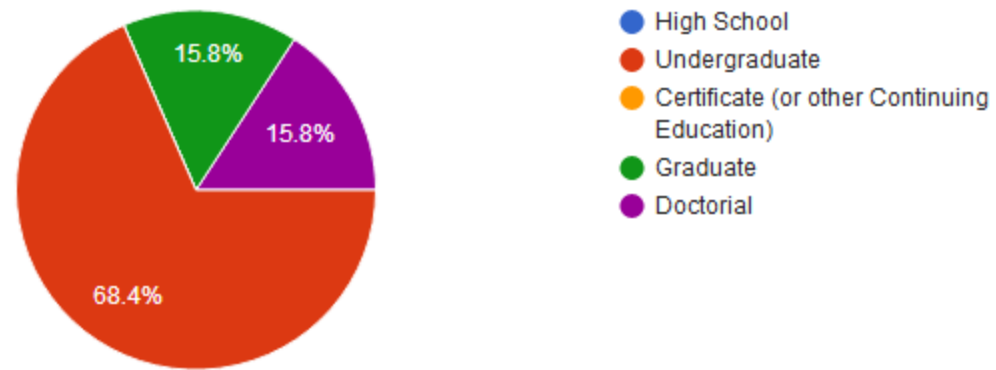

Does your library allow ILL for faculty only, or for both faculty and students?

22 responses

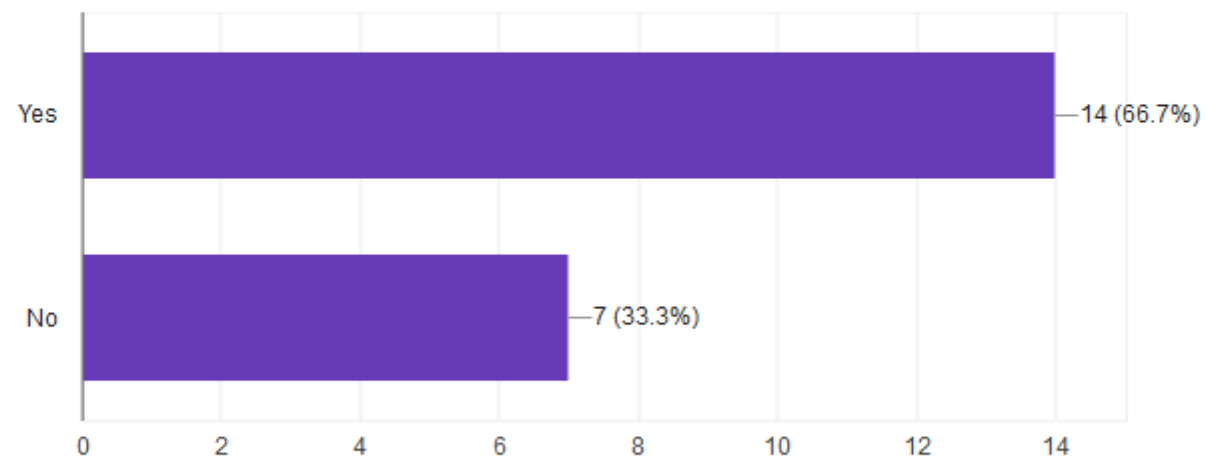

If students are permitted, then for which level of student:

19 responses

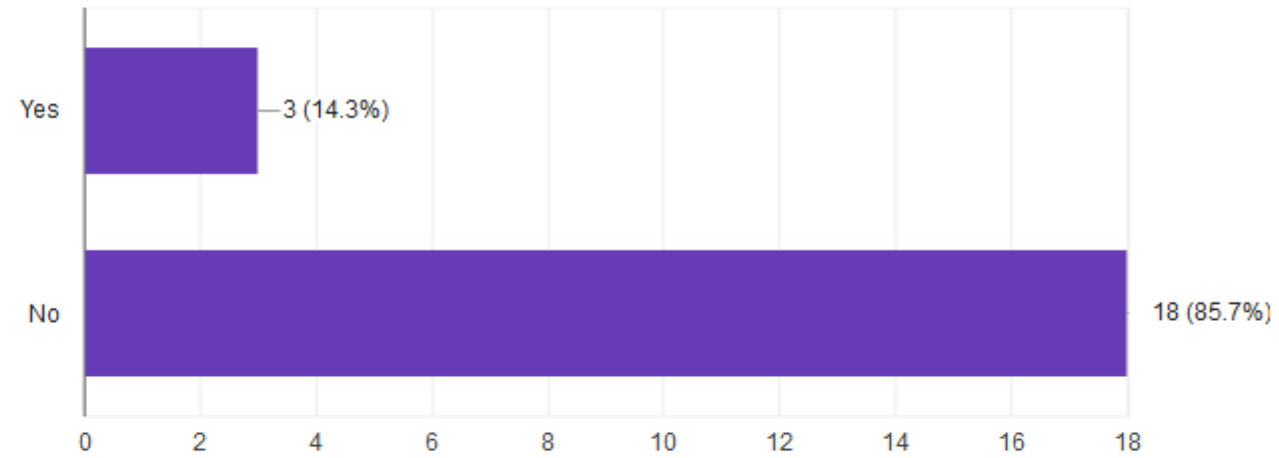

Does your library allow unmediated ILL (e.g. make and/or manage requests online)?

21 responses

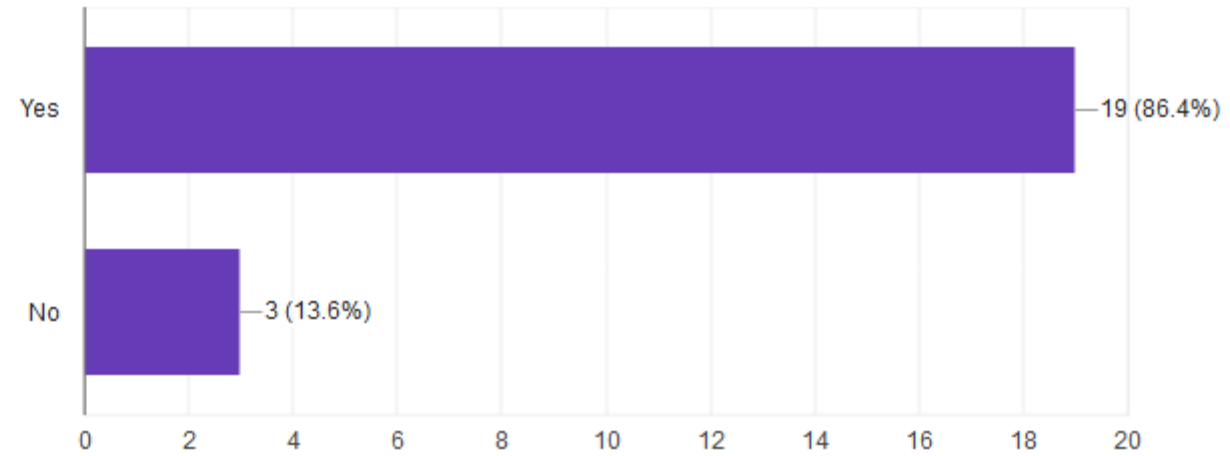

Does your library use only Aleph only for Interlibrary lending?

21 responses

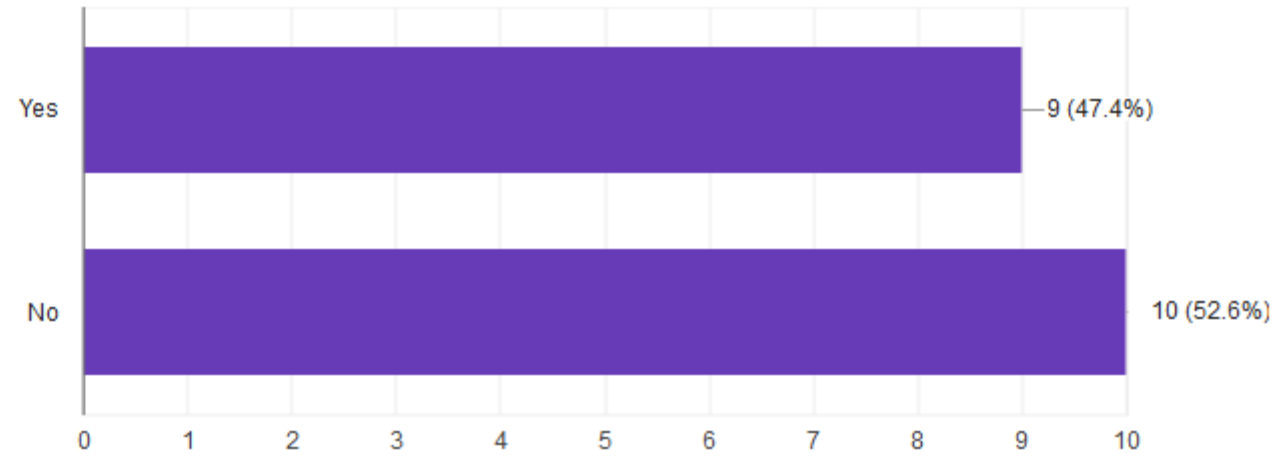

Does your library use ILLiad for ILL?

22 responses

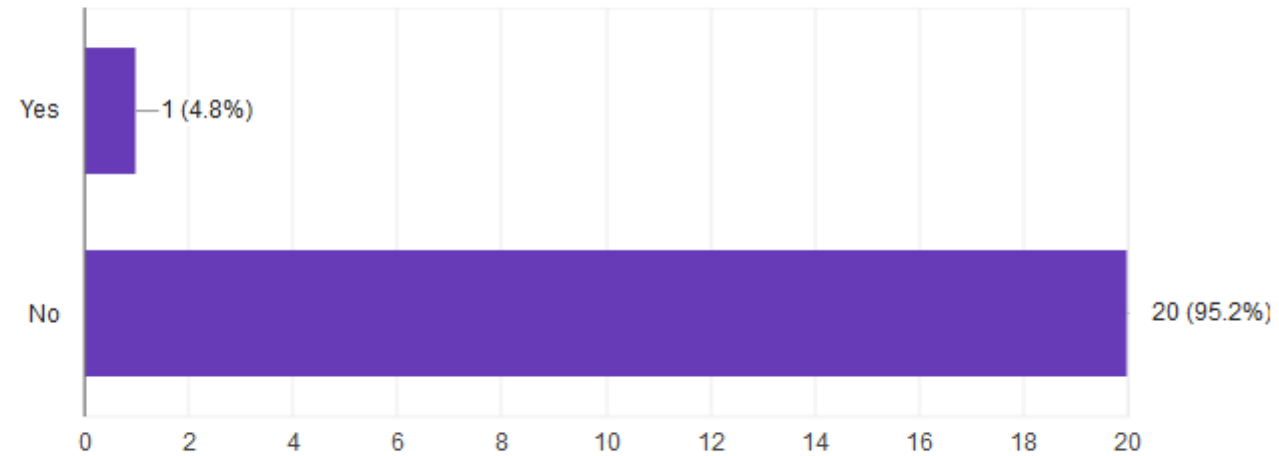

If your library uses ILLiad, do you connect to the Aleph catalog via CUNY+ (using IDS Project add-on software)?

19 responses

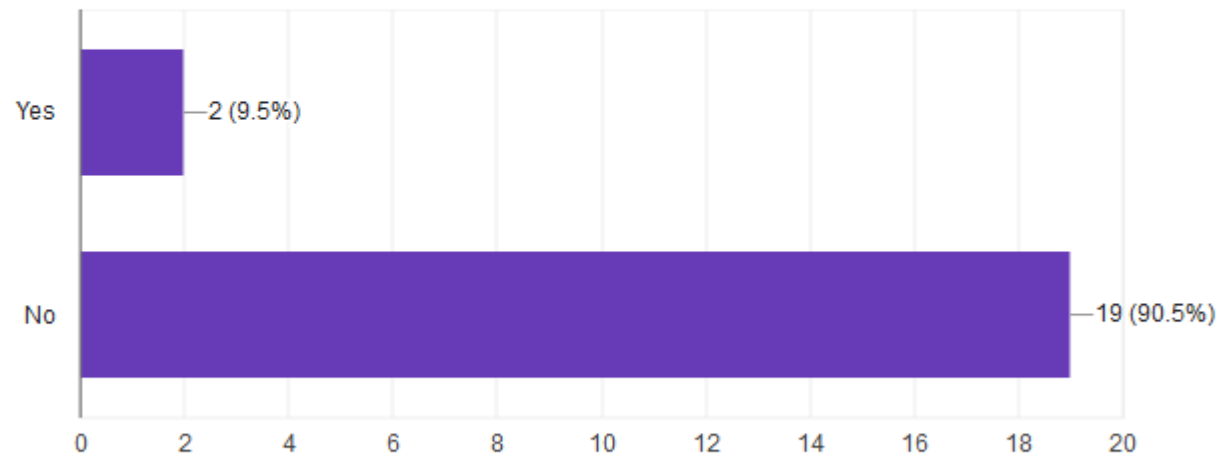

Has your library ALREADY migrated to Tipasa for ILL?

21 responses

Is your library actively planning to implement any changes? (We are only asking about cases where you have reached a decision.)

21 responses

If yes, what type of changes?

3 responses

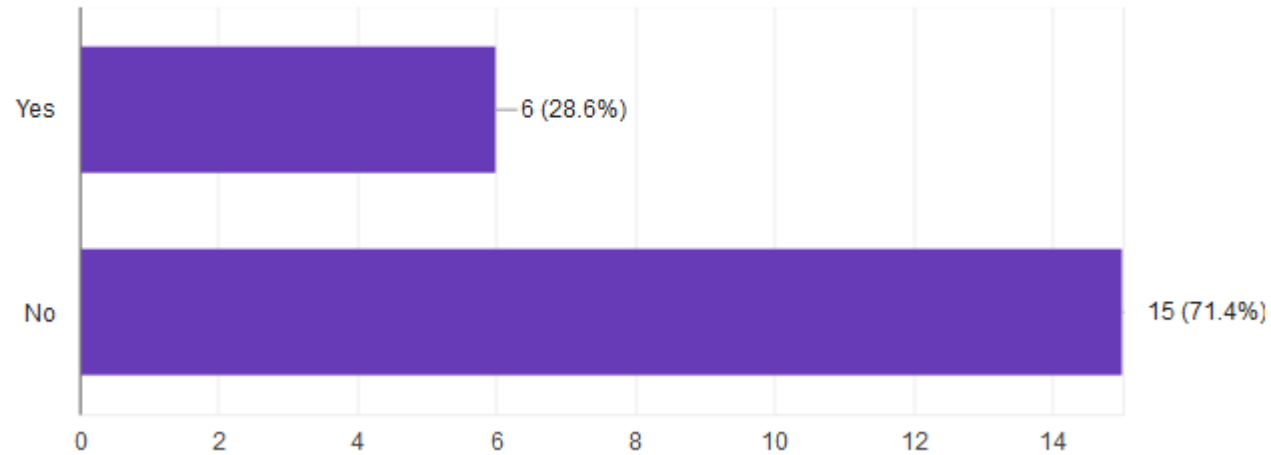

We have become the next cohort of Tipasa training

We are always rethinking policies and practice, but have no specific plans that I can think of!

We will migrate to Tipasa as soon as it's available

Does your library use any other software for ILL?

21 responses

If yes, specify what software

7 responses

OCLC Worldshare ILL

We are backed by the Grad Center – different than software, but supplemented. We also use a rapid document delivery supplier on an article for fee basis.

Microsoft Office Word, Adobe Reader

I use OCLC WorldShare occasionally to make particular changes to requests (not sure if WorldShare qualifies here as software.. it's more of a service)

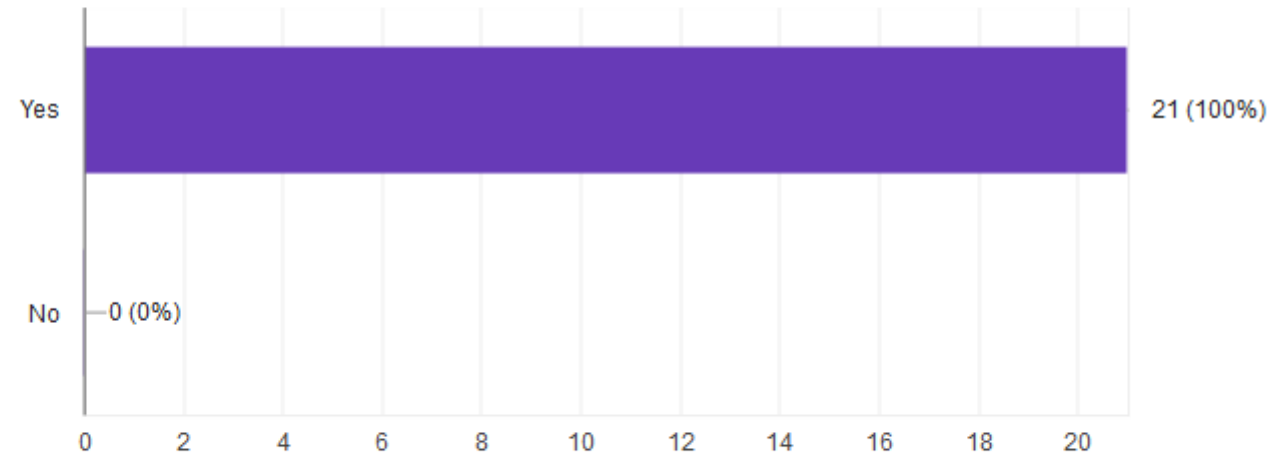

Odyssey

Odyssey, Scanning software: ScanSnap SV 600, Konica Minolta Bizhub 363, EPSON Scanner

If you mean management software like ILLiad then no but we do use other software.

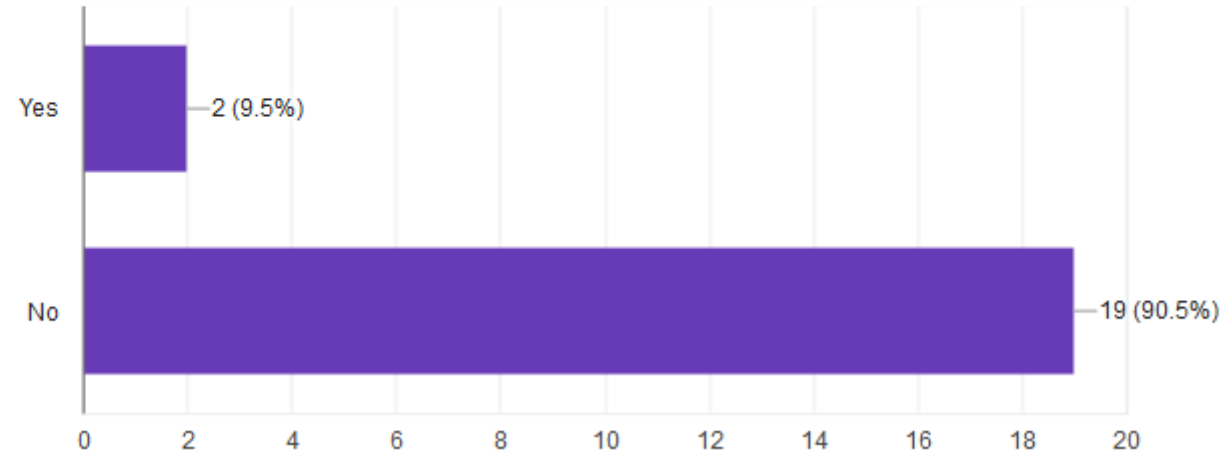

Does what you are currently doing meet your needs, at least for the short to intermediate term?

21 responses

Does your library have any planned changes being implemented?

21 responses

If yes, specify what changes

3 responses

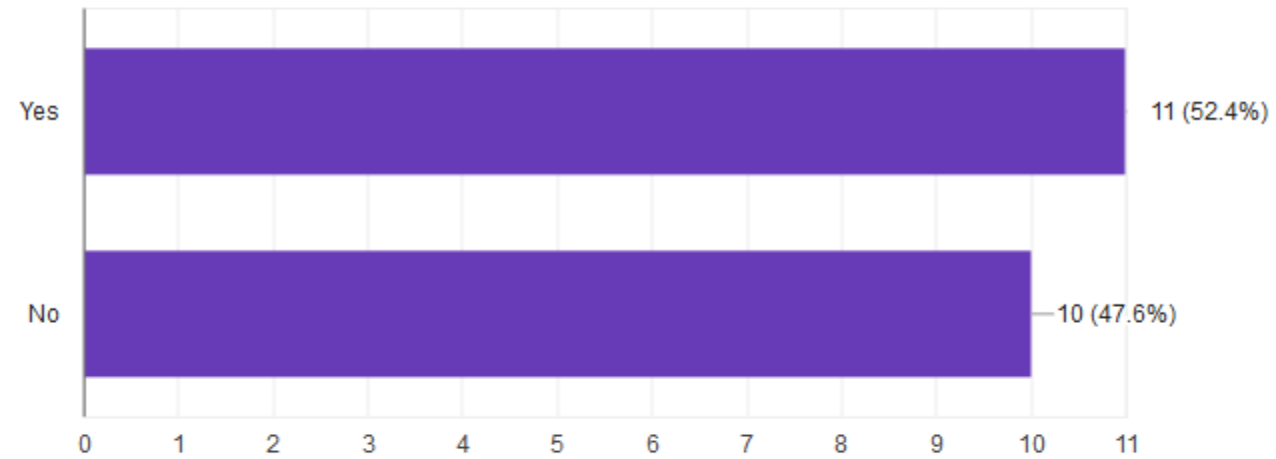

Considering Tipasa, but unclear based on what has been said from other CUNY libraries. Also considering joining IDS.

We plan to add a staff member, implement an outreach/marketing campaign to increase use of interlibrary loan services

Not sure what you mean here?

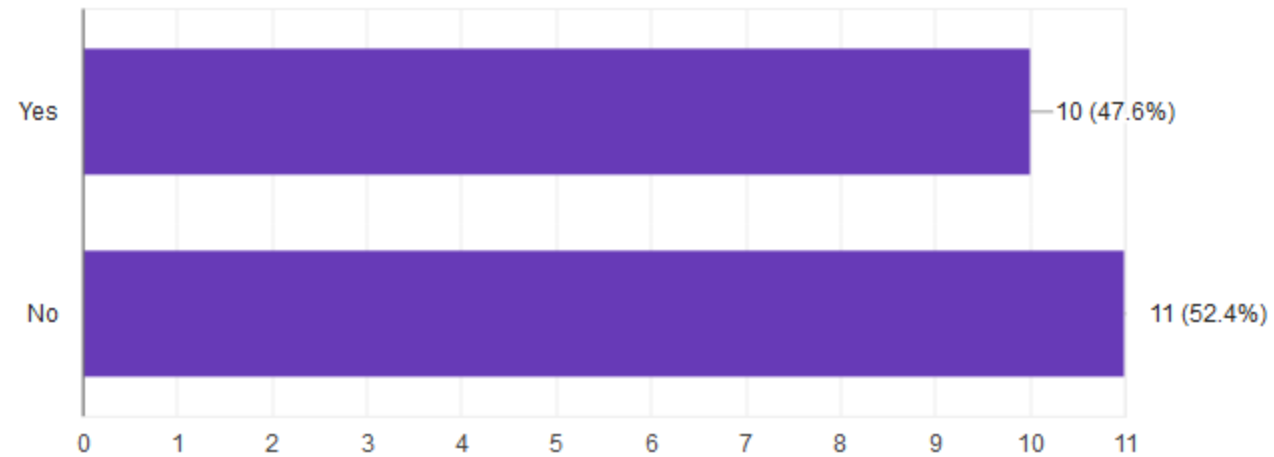

Is your library an IDS Project Member?

21 responses

Has your campus identified the top 5 lenders and borrowers outside of CUNY?

21 responses

If yes, who are your top 5 lenders outside of CUNY?

10 responses

Syracuse, SUNY Binghamton, University of Texas, Buffalo State, University of Rochester
